Kelly's Kitchen

About Us...

Sugar Brook Farms has been creating quality Wisconsin Cheese products since 1997. From the familiar to the unique, our selection of products has grown from cold pack cheese's in the beginning, to a robust selection of spreads, cheese balls and logs, deli cakes, stuffed peppadew and olives, tapenades, and cheese fudge.

A family business through and through, owners Steve McKeon and Paul McShane have a combined 60 years in the cheese business and have imparted much of that knowledge and dedication to their six children involved directly with Sugar Brook Farms. Kelly Longseth, Steve's youngest daughter, heads up the Sugar Brook team and is responsible for many of the unique products and flavors available, including our Kelly's Kitchen line. At Sugar Brook Farms we use only the finest Wisconsin cheese's, pride ourselves in sourcing the best quality ingredients, and put the time and effort into the development of our products to ensure the highest standards of quality.

About Our Products...

Since she was a young girl, Kelly has enjoyed many of the cheese's her father introduced her to, and living in Wisconsin there have been many! With these years of experience, and a few of her favorite flavors in mind, Kelly created her own line of products – Kelly's Kitchen! Kelly's products include Gourmet Cheese Spreads, Tapenades, Cheese Stuffed Peppadew and Olives, Dessert Bites, and Chocolate Cheese Fudge. Kelly has developed many savory delights, and a few sweet ones that will complement any dessert tray. The Kelly's Kitchen line is presented in the most innovative packaging available. Each product is sealed in a modified atmosphere package, allowing the taste and freshness to be sealed in and extending the shelf life.

Kelly hopes you enjoy her creations as much as the rest of us at Sugar Brook Farms have over the years. Stay tuned for more exciting and innovative products from the mind and Kitchen of Kelly!
