Sugar Brook Farms

About Us...

Sugar Brook Farms has been creating quality Wisconsin Cheese products since 1997. From the familiar to the unique, our selection of products has grown from cold pack cheese's in the beginning, to a robust selection of spreads, cheese balls and logs, deli cakes, stuffed peppadew and olives, tapenades, and cheese fudge.

A family business through and through, owners Steve McKeon and Paul McShane have a combined 60 years in the cheese business and have imparted much of that knowledge and dedication to their six children involved directly with Sugar Brook Farms. Kelly Longseth, Steve's youngest daughter, heads up the Sugar Brook team and is responsible for many of the unique products and flavors available, including our Kelly's Kitchen line. At Sugar Brook Farms we use only the finest Wisconsin cheese's, pride ourselves in sourcing the best quality ingredients, and put the time and effort into the development of our products to ensure the highest standards of quality.

From our family to yours, we truly hope you enjoy our products.

About Our Products...

Cheddar is the theme, and Sugar Brook has perfected the process of combining cheddar cheese with some of the finest and most unique ingredients and flavors available. The Chedda-Spread line has won multiple awards at the World Cheese Championships, and is available in three unique flavors. If you yearn for the quality of years past, look no farther than our cheese balls and logs. Made the old fashioned way with aged Wisconsin cheddar or Swiss, fresh cream, roasted hazelnuts and almonds, our cheese balls and logs will take you back to when superior quality was the tradition, not the exception. Using these same methods we have created a three layer deli cake consisting of Creamy Swiss, Aged Cheddar, and Port Wine Cheddar. For the Holidays, we also offer a 12 oz cheddar cold pack crock, the perfect gift for any cheese lover. Finally, for the sweet tooth, try our dessert cheese balls with cream cheese and sweet ingredients, such as cherries and chocolate chips, and rolled in almonds. Spread these delicious dessert balls onto any sweet cookie and enjoy.
